

Broader goals	Berri is connected, inclusive and thriving with a healthy culture of positive wellbeing									
	Our community assets are activated and supporting community wellness and resilience					Berri rebuilds and reclaims collective identity and pride				
End-of-initiative outcomes	People feel <u>supported, connected and empowered</u> during and in the aftermath of big life transitions			Community wellbeing is <u>being improved</u> so we are less service dependent		Berri's history is <u>alive and celebrated</u> and people feel proud of, and <u>connected to, place</u>			Community is connecting and learning <u>across generations</u>	
Intermediate outcomes	People generate community-led solutions for change to support others in transition			Others take note and integrate learnings into their own work		People have increased empathy for one another, and their shared history			Others see the value of young people in their community	Older people feel connected in community
	People identify collective needs and help each other bridge barriers (to education, employment, etc)			New needs and community-led solutions and strategies are brought to light		As understanding grows, conversations unfold, allowing for connection and healing			Young people feel a sense of purpose in their role, which builds capacity	Empathy is fostered, young and older people learn with and from each other
	Meaningful connection is made and resources are shared			Learnings are shared in key strategic spaces (sector, school, etc)		Shared understanding and awareness of stories about Berri is generated across community			Young people are connected into volunteer opportunities	Young people have access to mentor-like support with older people
	Those with shared lived experience come together		A space is made for various groups within community connect	Our Town team and community identify key learnings		People come together to learn about Berri's History				
Our Influencing activities	Innovative initiatives and resources which meet the needs of community members in transition			Sharing Our Town learnings across the service sector and beyond		Creating opportunities to celebrate the history of Berri			Making places and spaces for cross generational relationship and learning	
Foundational activities	Embedding our principles and MEL across our team and work		Community Connector deeply embedded in community		Community leadership and governance approach that fosters and supports innovative community-led initiatives		Best practice in community engagement and codesign		Partnering for success with community groups and organisations
